PART III: REQUESTOR'S POSITION SUMMARY

"According to the literal interpretation of TWCC Rule 134.401 and the further clarification by the TWCC from QRL 01-03, a Carrier may not 'deduct' any carve-out costs listed in Rule 134.401(c)(4). Further, additional reimbursement for implants or any other 'carve-out costs' shall only be reimbursed at cost plus 10% if the stop-loss threshold is NOT met. Therefore, in this instance, the Carrier has severely under-reimbursed the billed charges, despite the clear language in the Texas Administrative Codes and further clarification by the TWCC in QRL 01-03."

PART IV: RESPONDENT'S POSITION SUMMARY

"A usual and customary audit was performed by Auditing Company regarding Provider for the inpatient stay of 10/9/02-10/15/02. Their reductions brought the total down to \$25,571.31. As this drops it below stop-loss, the recommended amount would be per diem. This allows for \$1,118.00 per day per diem for six days for a total of \$6,708.00."

PART V: MEDICAL DISPUTE RESOLUTION REVIEW SUMMARY, METHODOLOGY, AND/OR EXPLANATION

This dispute relates to inpatient services provided in hospital setting with reimbursement subject to the provisions of Rule 134.401 (Acute Care Inpatient Hospital Fee Guideline). The hospital has requested additional reimbursement according to the stop-loss method contained in that rule. Rule 134.401(c)(6) establishes that the stop-loss method is to be used for "unusually costly services." The explanation that follows this paragraph indicates that in order to determine if "unusually costly services" were provided, the admission must not only exceed \$40,000 in total audited charges, but also involve "unusually extensive services."

After reviewing the information provided by both parties, it does **not** appear that this particular admission involved "unusually extensive services." Accordingly, the stop-loss method does not apply and the reimbursement is to be based on the per diem methodology described in the same rule. The operative report indicates that this was a postoperative deep wound infection. The operative report also indicates the patient was taken to recovery in satisfactory condition.

The carrier made reimbursement based on per diem for the 6-day stay \$6,708.00(6 x \$1,118 = \$6,708.00 per diem). The carrier reimbursed correctly according to the per diem rate.

Therefore, based on the facts of this situation, the parties' positions, and the application of the provisions of Rule 134.401(c), we find that the health care provider is not entitled to additional reimbursement.

PART VI: COMMISSION DECISION

Based upon the review of the disputed healthcare services, the Medical Review Division has determined that the requestor is **not** entitled to additional reimbursement.
